BRIDAL MENU

Hair

All of our stylists are highly trained in the art of upsweeps. We can transform any length of hair to make it a work of art. We pride ourselves on knowing all of the latest styles, and the intricate “originals” from every era.

We have over 9 styling stations within our salon to accommodate parties of any size. Our styling rooms are beautifully decorated in rich cherry woods and dark granite countertops, with oversized mahogany framed mirrors. With natural light abounding the room, photographers will love the way the way your pictures turn out!

Within our boutique we offer beautiful hair accessories to compliment any style and add that little something extra to your finished look.

Make-up

Our make-up artists are highly trained in specialty make-up applications. From Specialized Photo ready make-up, Bridal, Special Occasion artistry, to everyday make-up applications, our artists will transform you according to your every wish. We utilize MAC make-up, Sephora brands, and our favorites from a few well known others! We carry professional eyelash extensions, and self adhesive lashes, and have an array for you to choose from. Depending on the look you want to achieve, we have dramatic lashes, to everyday lash looks.

Party Areas

We have two designated “Party Areas” within our 5,000 sq. ft. day spa and salon. One is our “Bohemian Tea Room”. This area is decorated in rich purple hues, with burgundy velvet accents on the tables. This unique room features jewelry, accessories, and handbag selections within the room. The tearoom will comfortably accommodate 18 plus guests. Small intimate tables are arranged for your dining pleasure.

We also have a “Rooftop Patio” Area. This area is outdoor on our rooftop, with several tables complete with beautiful umbrellas. This area (depending on the weather) can be used almost 9 out of 12 months of the year. The patio is completely enclosed, and features a blooming magnolia tree (depending on time of year) falling over the walls. There is nothing like an outdoor party under a warm, sunny sky with all of your friends! With the rental of either party room, your planner will see that the area is set up for your event. Glassware,

stemware, and silver are set up for you, depending on the desired food and beverage accommodations.

With the rental of the rooms, you have a few options: Many of our past brides have come up with some really unique ideas, depending on their “Weddings feel”. We have had brides bring in the food a day before the wedding, which we prepare for their event with no worries of time restraints. We have had brides arrange food choices from local catering companies, (Panera Bread, Isaacs, or any of the other fine local eateries), which are conveniently delivered right to our door. We have had brides completely purchase all menu items already prepared, and bring them in the day of the event, again – set up by our staff.

Some morning wedding ideas are assortments of bagels, cream cheeses, pastries, desserts, quiches, and mimosas! Afternoon weddings enjoy any of the above plus salads, sandwiches, appetizers, or finger foods. Let your imagination go wild, or if you simply do not want to think about it, our party planners can help you with your food and beverage needs! Our job is to make this as easy and “thought free” as possible!

All food and beverages are supplied by the Bridal Party for the event. The event rooms are reserved for the time of the services. We highly recommend these areas for any of our parties, it is so nice for you and your guests to sit, relax, enjoy your pampering, talk, and get a “little something” in your stomachs for the big day ahead. Clean up is provided in the rental.

Our Limousines

We have several assorted limousines in various sizes and colors which are available for your day. Because we own the limousines, we can offer them to you at a substantial discount. We encourage our brides to reserve the limousines for your wedding day to escort you and your guests to the salon and back to your desired location. We try to make this addition as affordable as possible. The wonderful idea behind our limousine rentals, is that we all know the person(s) who have a tendency to be “fashionably late”... Which can unfortunately, throw a wedding party’s “beauty day” into turmoil!! This neat little addition make the day run smoothly, and effortless for you – the bride!! Our impressive fleet of limousines offer you and your guests the utmost in luxury and comfort. Our consultant will gather your information

– pick up location, time of wedding appointments, and the limousine will deliver you about 15 minutes prior to your appointments. This allows your guests to relax, partake in any goodies from our tearoom/rooftop patio, and look through our vast library of upsweep creations.

With experience comes perfection...

Over the past decade, we have perfected our brides experience. In doing so, we have the following guidelines established. All payments MUST be made by the bride. The first payment is \$100.00 to have our consultant “tentatively pre-schedule your day. This means you are first in line for that date/time. The consultant will take the names of the party, begin a bridal folder with your wishes and pre-book the event. This \$100.00 deposit will give you the first opportunity for the desired schedule. If someone else calls and wants your desired time, you will be called, and a request for the 50% deposit will be required by credit card over the phone, or payment in person must be made. We ask that any/all schedule alterations be done by this time. If for some reason you decide to cancel your reservation, this \$100.00 payment is deemed non-refundable.

The second (50%) deposit ensures the times and dates are yours permanently until the date of the services. Any additions/changes to the schedule cannot be guaranteed after this time. We will however do our very best to accommodate your changes if it is possible. We cannot guarantee additional time/space.

The last and final payment should be made no less than one month before the scheduled event. The initial \$100.00 deposit will be credited to your final balance due.

Please try to make sure any changes are made before the 50% deposit is made. If additions are needed after that time, we will try our very best to accommodate your needs, but cannot guarantee space available. Any deletions/cancellations after that time will incur the entire amount billed. To ensure your day is as “stress free” as possible, we add a 20% gratuity to each service, which will be detailed in your service charge summary – this means that all you and your guests have to bring is themselves, and you and your guests have absolutely nothing to think about except having a lavishly great time, relaxing, and enjoy being pampered!!
